PREFACE

THIS is the sixth catalogue of members to be issued by Sigma Phi Epsilon. Directories were issued in 1911, 1915, 1921, 1927, and 1931; the first under the editorship of Charles L. Yancey, District of Columbia Alpha, the then Grand Historian; the second and third under the editorship of William L. Phillips, Virginia Alpha, Grand Secretary. The fourth and fifth, as in the case of this issue, were compiled and edited by the Central Office staff. For the first time this, the 1940 Directory, appears as an issue of the Sigma Phi Epsilon JOURNAL.

Even though this is essentially a membership directory, a historical foreword; a tabulation of "Sig Ep Facts and Figures"; a complete roster of the fraternity's officials, past and present; graphic presentations of the geographical distribution of and the increase in membership, and other allied lists, tables, and statistics, make it possible for the reader to draw from this volume an accurate if telescoped picture of the foundation and development of Sigma Phi Epsilon.

The 21,000 members of the fraternity represented here appear under three headings: Chapter, Geographical, Alphabetical.

As in the case of all directory issues, save that of 1927, occupations are listed. For the first time class numerals are given.

Every member of Sigma Phi Epsilon has received a direct appeal to file personal data. The following procedure was used: Addressograph tapes were forwarded to each active and alumni chapter and association with a request for corrections; a letter containing a return postal card was dispatched to each living member on the roll with a request that the card be corrected and returned. Lists of all those whose letters were returned by the Post Office were then forwarded to Alumni Treasurers, District Governors, and college or university alumni offices, as well as to alumni members in a number of towns and cities. A second and in some cases even a third letter and card were forwarded to addresses received from these sources and to those gleaned from such business and professional directories as those of the United States Army and Navy, the American Medical Association and the like.

The efforts of all those who have sought to make this the fraternity's largest directory, its most accurate as well, will find ample reward for their pains if the information here given should serve its intended purpose of drawing closer the fraternal bonds, of making membership in Sigma Phi Epsilon more really than ever "a link to bind the ages each to each."

HISTORICAL FOREWORD

SIGMA PHI EPSILON was founded at Richmond College (now the University of Richmond) on November 1, 1901, by Carter Ashton Jenkins, Benjamin Donald Gaw, William Hugh Carter, William Andrew Wallace, Thomas Temple Wright, William Lazell Phillips, Lucian Baum Cox, Richard Spurgeon Owens, Edgar Lee Allen, Robert Alfred McFarland, Franklin Webb Kerfoot, and Thomas Vaden McCaul.

The organization may be said to have evolved from The Saturday Night Club, an informal group consisting of Jenkins, Gaw, Carter, Wallace, Wright, and Phillips, which, for several months previous to this date had met, more or less regularly, at Jerry Morano's Confectionery, at the corner of Broad and Madison, in Richmond. The original purposes of the group are suggested by the title "the Hungry Six" which trencherman Phillips was wont to substitute for the more formal usage The Saturday Night Club.

Jenkins, a member of Chi Phi, an organization which did not have a chapter at Richmond College, suggested that the Saturday Night Club might well serve as the nucleus for a chapter of Chi Phi there. The possibilities of such a move were explored. When it was discovered that Chi Phi did not look with favor upon the establishment of a chapter at Richmond College at that time, it was determined to enlarge the local group and Cox, Owens, Allen, McFarland, Kerfoot, and McCaul, described at the time as "the purest, best, and finest to be found anywhere" were accepted as additional members.

Shortly after the induction of these new members the decision to establish a new fraternity was reached.

With the petition of the young group for recognition by the faculty "wild fire swept through the student body" recounts one of the founders, who continues with the reminder that "more bitter criticism had never been engendered. Petitions went to the fac-

ulty to forbid our existence. We were called before a committee of professors—For months we had to guard our room to prevent its wreck at the hands of the angry fraternity element."

Undismayed by these hostile demonstrations of jealousy the group proceeded with the establishment of a fraternity designed:

"a. To upbuild, develop and strengthen the character of its members.

"b. To inculcate those principles which are essential in the discharge of the duties which naturally devolve upon an individual as a member of society.

"c. To impress upon its members the true significance of fraternal relationship.

"d. To aid and sustain, as far as possible, the government and discipline of the institutions at which its subordinate chapters are located."

Having established their fraternity at Richmond these pioneer Sig Eps proceeded at once with plans for the expansion of their fraternity which, from the first, was conceived of as a truly national organization with chapters in all sections of the country.

So thoroughly was this original plan put into execution that Sigma Phi Epsilon, unlike most of its predecessors and contemporaries, has at no time during its existence been subject to the charge of sectionalism or localism.

The end of its first decade found Sigma Phi Epsilon with twenty-eight chapters stretching from coast to coast and located in all of the major geographical divisions of the country; the end of the second decade found it with forty-six chapters in thirty-two states; the end of the third decade with sixty-seven chapters in thirty-six states and the District of Columbia; and on its thirty-eighth birthday it could point proudly to a roster of seventy chapters in thirty-nine states and the District of Columbia. In addition to the active chapters there are thirty-three chartered alumni chapters and thirty-six alumni associations in most of the larger cities of the

country. Numbered among the membership of over twenty-one thousand are leaders in all phases of activity.

Displaying in the beginning that progressiveness which has marked its later years Sigma Phi Epsilon, by initiating several ministerial students not then considered eligible as members of fraternities on the Richmond Campus, gained for itself the sobriquet "Sacred Hearts," a title which was too expressive of a Sig Ep's feeling toward his badge to make the intended anathema unpleasant. This same originality was carried on into the activities which have since marked Sigma Phi Epsilon's career—the early establishment of a magazine, the *JOURNAL*, published quarterly by the fraternity; the inauguration of a much-imitated plan of finance, evolved from the Purdue chapter's plan, since come to be known as the Sigma Phi Epsilon Plan of Finance; early creation of the positions of Traveling Secretary, Advisory Architect, and Librarian; establishment of an Endowment Fund which has made possible the purchase of an imposing National Headquarters building which serves not only as the Central Office of the fraternity but in addition makes possible club facilities for resident and transient members, and has made possible loans to chapters for the purpose of chapter house building which has resulted in turn in having forty-nine of the seventy chapters own their homes; the establishment of a Student Loan Fund which makes it possible for the fraternity to provide the means for graduation to worthy students who, but for this assistance, would find it necessary to drop out of school before completion of their courses; the inauguration

of a scholarship program which dispenses as rewards for meritorious achievement, the Clifford B. Scott Memorial Scholarship Key to the highest ranking student in each chapter each year, and the Grand Chapter Scholarship Cup awarded annually to each Sig Ep chapter which stands first on its campus. There is also an official Sigma Phi Epsilon Scholarship Plaque.

The Government of Sigma Phi Epsilon is vested in the Grand Chapter, and in the active and alumni chapters. The Grand Chapter consists of the Grand Chapter officers—Grand President, Grand Vice-President, Grand Treasurer, Grand Historian, Grand Secretary, Grand Guard, two Grand Marshals, the District Governors, and one delegate each from the active and alumni chapters.

In the interim between Conclaves the government of the fraternity rests with the Executive Committee which consists of the Grand Chapter Officers except the Grand Secretary.

The affairs of the fraternity are administered from the Central Office at 518 W. Franklin Street, Richmond, Virginia, by a more or less permanent Secretariat headed by the Grand Secretary who is assisted by two Assistants to the Grand Secretary, a Traveling Secretary, a *JOURNAL* Editor, an Advisory Architect, a National Scholarship Chairman, and a Librarian.

The administration of the Endowment Fund and the Student Loan and Fellowship Fund is vested in separate Boards of Trustees, and the National Headquarters is under the direction of a separate corporation, "National Headquarters Corporation of Sigma Phi Epsilon."

SIG EP FACTS AND FIGURES

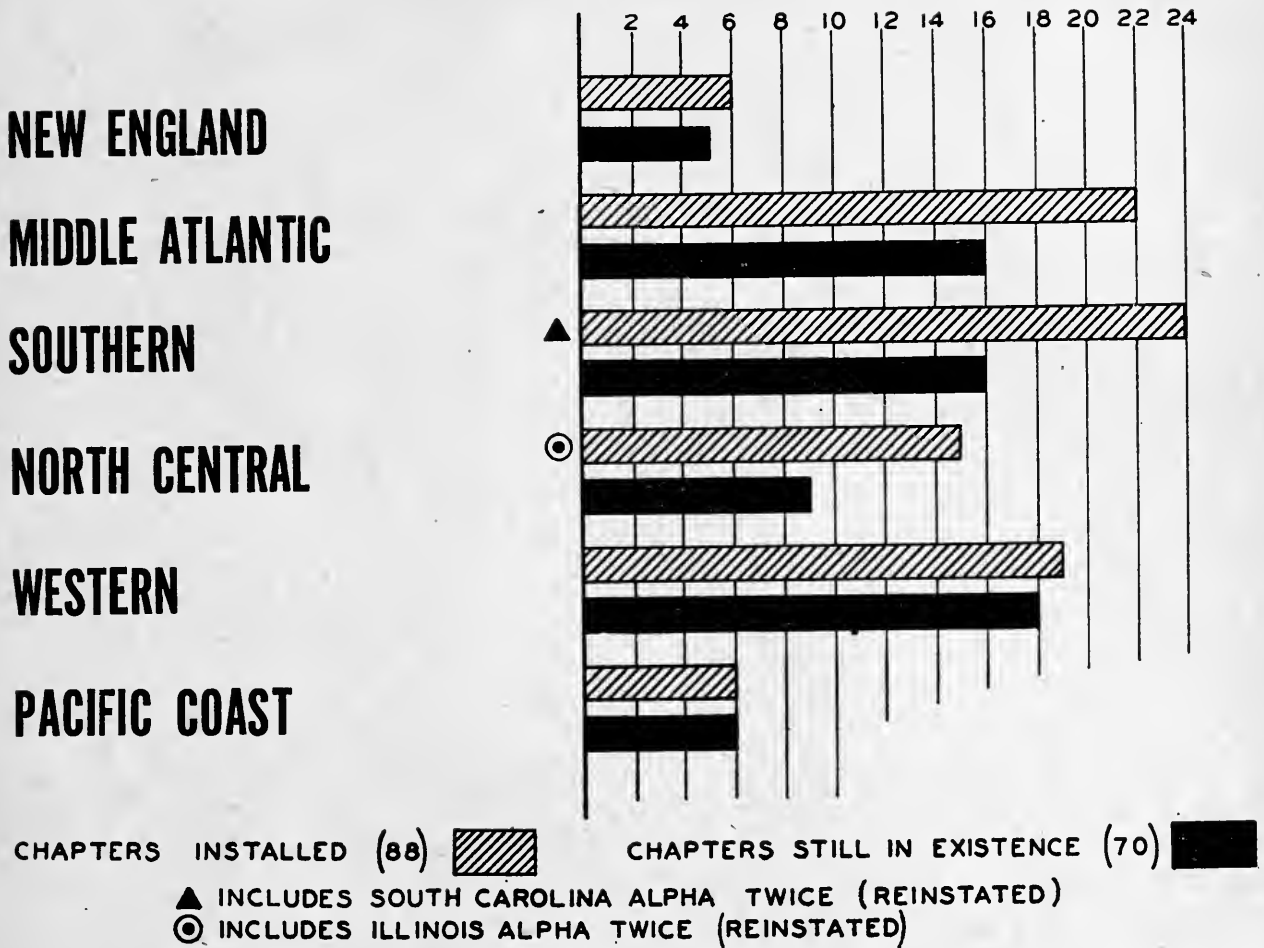

- Sig Ep was founded at Richmond College (now the University of Richmond) November 1, 1901.
- Sig Ep is 33rd in order of founding among 42 representative major National Fraternities, but—
- Sig Ep is 14th in membership among these 42 Fraternities, and—
- Sig Ep is 12th in number of chapters among these 42 Fraternities.
- Sig Ep has 70 active chapters in all but 11 states.
- Sig Ep has 70 alumni chapters and alumni associations in 35 states and the District of Columbia.
- Sig Ep has a total membership of over 21,000 located in every state in the Union, the District of Columbia and 28 foreign countries, territories and possessions.
- Forty-nine of Sig Ep's active chapters own their own homes, and the value of the houses owned by chapters of the Fraternity is over \$1,000,000.
- Sig Ep is one of 4 National Fraternities maintaining a national home. The \$50,000 National Headquarters building at 518 West Franklin Street, Richmond, Virginia, houses the Central Office of the Fraternity and the Sigma Phi Epsilon Club for resident and transient members.
- Sig Ep is one of the charter members of the National Interfraternity Conference.
- Sig Ep established its Endowment Fund in 1925 for the purpose of aiding chapters in securing adequate housing.
- Sig Ep established its Student Loan and Fellowship Fund in 1930 for the purpose of aiding deserving undergraduate members.
- Sig Ep encourages and recognizes high scholastic attainment with the Grand Chapter scholarship cup to chapters ranking first in scholarship among Fraternities on their respective campuses; the Clifford B. Scott Memorial award to the highest ranking scholarship man in each chapter each year; the Sigma Phi Epsilon Scholarship Plaque, an honor roll of outstanding scholarship men.
- Sig Ep's famed Plan of Finance, formerly known as the Purdue Plan, has been widely copied by other Fraternities and Sororities. It is based on alumni control and supervision, budgetary operation, a sliding scale of assessments, simplified accounting and bookkeeping, and the abolition of special or extra assessments.
- Sig Ep's own founder—Grand Secretary, William L. Phillips, who has served the Fraternity in an official capacity for over thirty years. Cited by Banta's Greek Exchange as one of the "Great Fraternity Leaders" and judged by Fraternity Month as one of the "Twelve Greatest Living Greeks."
- Sig Ep's Life Membership Plan adopted in 1924, eliminates alumni dues and entitles every member, in good standing, to all rights and benefits in the Fraternity including a life subscription to the JOURNAL.
- Sig Ep has recently established the District Governor System with over 20 District Governors supplementing the work of the Central Office representatives.
- Sig Ep is a National Fraternity with chapters located in every section of the country.
